WHAT IS CELIAC DISEASE?

Celiac disease (CD) is a genetic disorder. In people with CD, eating certain types of protein, called gluten, sets off an autoimmune response that causes damage to the small intestine. This, in turn, causes the small intestine to lose its ability to absorb the nutrients found in food, leading to malnutrition and a variety of other complications. Eventually, decreased absorption of nutrients can cause vitamin deficiencies that deprive your brain, peripheral nervous system, bones, liver and other organs of vital nourishment, which can lead to other illnesses. This is especially serious in children, who need proper nutrition to develop and grow. The offending protein, gluten, is found in wheat, barley, rye, and to a lesser extent, oats. No treatment can cure celiac disease. However, you can effectively manage celiac disease through changing your diet.

WHAT CAN I DO?

Read food labels

Food labels are your lifeline to better health. Always read the food label before you purchase any product. Some foods that may appear acceptable, such as rice or corn cereals, may contain gluten. What's more, a manufacturer may change a product's ingredients at any time. In July 2004, the U.S. Congress passed a bill requiring products containing wheat, milk, soy, peanuts, tree nuts, fish, shellfish or eggs to say so in plain English on the product's label. The bill also requires the FDA to develop a standard definition of "gluten-free" to make it easier for shoppers with celiac disease to identify products.

Call the manufacturer

If you can't tell by the label if a food contains gluten, don't eat it until you check with the product's manufacturer.

Gluten Free Guide

Ring Bros. Marketplace

For those that are gluten intolerant this is a **partial** list of gluten free items that we carry. Some items do not state "gluten free" on the label but are appropriate for individuals on gluten free diets. Although there are many more gluten free items in our store, they are not all listed here. Items change frequently so we apologize if an item on this list has been discontinued. Please look out for new items which are being added weekly.
